A base for your global life

- INSTITUTIONAL CONFIDENCE**
Constitutional democracy with no permanent army.
- STRATEGIC POSITION**
A natural link between North America, South America, the Pacific, and the Caribbean.
- LIFE AND NATURE**
High life expectancy, extensive forest cover, and regional diversity.

TAX AT A GLANCE

Will I pay tax on the money I transfer to Costa Rica?

Transferring your own capital does not, by itself, constitute taxable income. As a general rule, Costa Rica taxes Costa Rican-source income. The nature and source of funds, tax residence, and the receiving structure should be reviewed individually.
