WHY COSTA RICA

A base for your global life

- INSTITUTIONAL CONFIDENCE**
Constitutional democracy with no permanent army.
- STRATEGIC POSITION**
A natural link between North America, South America, the Pacific, and the Caribbean.
- LIFE AND NATURE**
High life expectancy, extensive forest cover, and regional diversity.

TAX AT A GLANCE

Do I have to pay Costa Rican tax on money I transfer into the country?

Not necessarily. A transfer does not, by itself, determine whether funds are taxable. Costa Rica generally applies a territorial approach to income taxation. Treatment depends on the nature and source of income and the taxpayer's circumstances. Marqués coordinates with qualified tax and legal professionals where advice is required.

INDIVIDUAL REVIEW

Immigration residence does not automatically make a person a Costa Rican tax resident.
